

Acta IMEKO: the e-journal of the International Measurement Confederation (IMEKO)

Journal

An open access journal focusing on research in measurement sciences. The journal is sponsored by the International Measurement Confederation (IMEKO).

Focus and Scope

Acta IMEKO is an e-journal reporting on the contributions on the state and progress of the science and technology of measurement. The articles are mainly based on presentations presented at IMEKO workshops, symposia and congresses. The journal also publishes scientific articles on measurement and instrumentation not related to an IMEKO event.

Coverage

Original and reviewed papers on instruments and measurement techniques. Contributions on any measurement topic related cross-disciplinary field of science and technology are welcome.

Information for authors

Instructions for manuscript preparation are available on www.acta.imeko.org. Authors can upload and check the status of their manuscript online.

Review Process

Peer-review process run by Journal's Editor with Reviewers suggested by Section Editors. Typical period for revision is one month.

Editor-in-Chief

Dušan Agrež, University of Ljubljana, Slovenia, dusan.agrez@fe.uni-lj.si

Publication Frequency

Number of issues per year depends on the IMEKO events. Papers accepted for publication will be published as a special issue or section of the Conference/Workshop at which the authors have presented their work.

Open Access Policy

The journal provides free on line access to published papers without any additional cost. Access to quality research is fundamental for global exchange of knowledge.

Print ISSN: 2221-870X
